Project Demo Planning

Date	28 October 2026
Team ID	EN25CS3011046
Project Name	Formula 1 Race Intelligence Dashboard

Project Demo Planning

Suggested live demonstration plan for a single presenter. The project owner shown in the available context is Gouri Sharma; additional member assignments were not supplied.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce Formula 1 Race Intelligence Dashboard and explain the need for consolidated, interactive exploration of race data.	1	Gouri Sharma
2	Solution Overview	Show the deployed website and explain the Tableau dashboard, Tableau Story, and Flask website roles.	2	Gouri Sharma
3	Dashboard KPIs & Driver/Team Views	Highlight total race records, seasons, circuits, driver leaderboard, and team ranking.	2	Gouri Sharma
4	Interactive Views & Filters	Demonstrate tyre compound usage, podiums, reliability/DNF reasons, map, and available filters.	3	Gouri Sharma
5	Season Charts & Story	Show season-wise team performance, tyre usage by season, and navigate the Tableau Story; flag charts needing validation.	2	Gouri Sharma
6	Conclusion & Q&A	Summarize value, known limitations, and future improvements; answer reviewer questions.	2	Gouri Sharma

Suggested total duration: 12 minutes.

Demo Flow Summary

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the user problem and project objective.
2	Solution Overview	Open the Render website and point out Dashboard and Story navigation.
3	Live Feature Demonstration	Open Tableau; show KPI cards, key charts, and filters. Verify interactions live.
4	Q&A Session	Answer questions, acknowledge

		limitations, and describe next steps.

Pre-demo checklist

- Open and test the live website, dashboard, Story, and GitHub links.
- Use a stable internet connection and have direct Tableau URLs ready as a fallback.
- Confirm filter interaction and inspect any null values or unclear axes before drawing conclusions.
- Keep the dashboard screenshot cropped to exclude the Windows taskbar.
- Replace “Not provided” Team ID with the official ID if required.
